## **EUDR Declaration – ASTON SEALS S.p.A.**

**Subject:** Declaration of Non-Applicability of Regulation (EU) 2023/1115 (EUDR)

**AS ASTON SEALS S.p.A.** declares that the gaskets and technical components we produce and supply do not contain natural rubber or any other raw materials listed in Annex I of Regulation (EU) 2023/1115 on Deforestation (EUDR).

The materials used in our production processes consist exclusively of synthetic elastomers and technical polymers, which are not among the commodities subject to the due diligence obligations established by the regulation.

Therefore, Aston Seals products:

- **are not** within the scope of the EUDR;
- **do not require** an EUDR due diligence declaration for their placing on the market or export;
- comply with the applicable European regulations for the relevant sector.

**ASTON SEALS S.p.A.** nevertheless commits to continuously monitor the evolution of the European regulatory framework and to maintain high standards of transparency and traceability in its supply chains.
